Walk Two Moons Sharon Creech 2009-10-06 In her own singularly beautiful style, Newbery Medal winner Sharon Creech intricately weaves together two tales, one funny, one bittersweet, to create a heartwarming, compelling, and utterly moving story of love, loss, and the complexity of human emotion. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the "Indian-ness in her blood," travels from Ohio to Idaho with her eccentric grandparents. Along the way, she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a "potential lunatic," and whose mother disappeared. As Sal entertains her grandparents with Phoebe's outrageous story, her own

story begins to unfold—the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.

Dr. Heidegger's Experiment Illustrated Nathaniel Hawthorne 2021-04-05 "Dr. Heidegger's Experiment" a short story by American author Nathaniel Hawthorne, about a doctor who claims to have been sent water from the Fountain of Youth. Carlos Villa Mark Dean Johnson 2022-01-25 "Carlos Villa has been described as the preeminent Filipino American artist—a legend in artistic circles for his groundbreaking approaches and his influence on countless artists—but he remains little known to many fans and scholars of modern and contemporary art. Carlos Villa: Worlds in Collision is the first museum retrospective of his work, presented at the San Francisco Art Institute and the Asian Art Museum of San Francisco. Villa was trained at the San Francisco Art Institute in the 1950s as an abstract expressionist, and over time he transformed his practice to address issues of ethnic and cultural diversity. He concurrently assumed a leadership role in 'Third World' and 'multicultural' international art movements, and his large-scale works reference non-Western traditions, including tattoo, scarification, ritual, and ceremony. He was also an important theorist, curator, and organizer of public forums that he called 'actions.' This book

traces the arc of his career from 1969 until his death in 2013, with emphasis on his feathered works from the 1970s, as well as later works that address aspects of the history of Filipinos in the United States. It illuminates the social and cultural roots--and global importance--of Villa's art and teaching career as he sought to forge a new kind of art-world inclusion that reflected his own experience, commitment to diversity, and boundary-bending imagination"--

Personality and Social Behavior Frederick Rhodewalt 2012-01-04 The study of the relationship between the person and the situation has had a long history in psychology. Many theories of personality are set on an interpersonal stage and many social phenomena are played out differently as the cast of characters change. At times the study of persons and situations has been contentious, however, recent interest in process models of personality and social interaction have focused on the ways people navigate, influence, and are influenced by their social worlds. Personality and Social Behavior contains a series of essays on topics where a transactional analysis of the person and situation has

proved most fruitful. Contributions span the personality and social psychology spectrum and include such topics as new units in personality; neuroscience perspectives on interpersonal personality; social and interpersonal frameworks for understanding the self and self-esteem; and personality process analyses of romantic relationships, prejudice, health, and leadership. This volume provides essential reading for researchers with an interest in this core topic in social psychology and may also be used as a text on related upper-level courses.

The Christmas Tree and the Wedding Fyodor Dostoyevsky

2016-08-22 The Christmas Tree and The Wedding is a work by Fyodor Dostoyevsky.Fyodor Mikhailovich Dostoyevsky (11 November 1821 - 9 February 1881), sometimes transliterated Dostoevsky, was a Russian novelist, short story writer, essayist, journalist and philosopher. Dostoyevsky's literary works explore human psychology in the troubled political, social, and spiritual atmosphere of 19th-century Russia, and engage with a variety of philosophical and religious themes.He began writing in his 20s, and his first novel, Poor Folk, was published in 1846 when he was 25. His major works include Crime and Punishment (1866), The Idiot (1869), Demons (1872) and The Brothers Karamazov (1880). His oeuvre consists of 11 novels, three novellas, 17 short novels and numerous other works. Many literary critics rate him as one of the greatest psychologists in world literature. His 1864 novella Notes from Underground is considered to be one of the first works of existentialist literature.Born in Moscow in 1821, Dostoyevsky was introduced to literature at an early age through fairy tales and legends, and through books by Russian and foreign authors. His mother died in 1837 when he was 15, and around the same time he left school to enter the Nikolayev Military Engineering Institute. After graduating, he worked as an engineer and briefly enjoyed a lavish lifestyle, translating books to earn extra money. In the mid-1840s he wrote his first novel, Poor Folk, which gained him entry into St. Petersburg's literary circles.In the following years, Dostoyevsky worked as a journalist, publishing and editing several magazines of his own and later A Writer's Diary, a collection of his writings. He began to travel around western Europe and developed a

gambling addiction, which led to financial hardship. For a time, he had to beg for money, but he eventually became one of the most widely read and highly regarded Russian writers. His books have been translated into more than 170 languages. Dostoyevsky influenced a multitude of writers and philosophers, from Anton Chekhov and Ernest Hemingway to Friedrich Nietzsche and Jean-Paul Sartre. In his youth, Dostoyevsky enjoyed reading Nikolai Karamzin's *History of the Russian State*, which praised conservatism and Russian independence, ideas that Dostoyevsky would embrace later in life. Before his arrest for participating in the Petrashevsky Circle in 1849, Dostoyevsky remarked, "As far as I am concerned, nothing was ever more ridiculous than the idea of a republican government in Russia." In an 1881 edition of his *Diaries*, Dostoyevsky stated that the Tsar and the people should form a unity: "For the people, the tsar is not an external power, not the power of some conqueror ... but a power of all the people, an all-unifying power the people themselves desired." While critical of serfdom, Dostoyevsky was skeptical about the creation of a constitution, a concept he viewed as unrelated to Russia's history. He described it as a mere "gentleman's rule" and believed that "a constitution would simply enslave the people".

Twelve Angry Men Reginald Rose 2006-08-29 A landmark American drama that inspired a classic film and a Broadway revival—featuring an introduction by David Mamet A blistering character study and an examination of the American melting pot and the judicial system that keeps it in check, *Twelve Angry Men* holds at its core a deeply patriotic faith in the U.S. legal system. The play centers on Juror Eight, who is at first the sole holdout in an 11-1 guilty vote. Eight sets his sights not on proving the other jurors wrong but rather on getting them to look at the situation in a clear-eyed way not affected by their personal prejudices or biases. Reginald Rose deliberately and carefully peels away the layers of artifice from the men and allows a fuller picture to form of them—and of America, at its best and worst. After the critically acclaimed teleplay aired in 1954, this landmark American drama went on to become a cinematic masterpiece in 1957 starring Henry Fonda, for which Rose wrote the adaptation. More recently, *Twelve Angry Men* had a

successful, and award-winning, run on Broadway. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

A Theory of Adaptation Linda Hutcheon 2012-08-21 A Theory of Adaptation explores the continuous development of creative adaptation, and argues that the practice of adapting is central to the story-telling imagination. Linda Hutcheon develops a theory of adaptation through a range of media, from film and opera, to video games, pop music and theme parks, analysing the breadth, scope and creative possibilities within each. This new edition is supplemented by a new preface from the author, discussing both new adaptive forms/platforms and recent critical developments in the study of adaptation. It also features an illuminating new epilogue from Siobhan O'Flynn, focusing on adaptation in the context of digital media. She considers the impact of transmedia practices and properties on the form and practice of adaptation, as well as studying the extension of game narrative across media platforms, fan-based adaptation (from Twitter and Facebook to home movies), and the adaptation of books to digital formats. A Theory of Adaptation is the ideal guide to this ever evolving field of study and is essential reading for anyone interested in adaptation in the context of literary and media studies.

The Selected Canterbury Tales: A New Verse Translation Geoffrey Chaucer 2012-04-09 "A truly remarkable achievement." —Barry Unsworth In the tradition of Seamus Heaney's *Beowulf* and Marie Borroff's *Sir Gawain and the Green Knight*, Sheila Fisher's *The Selected Canterbury Tales* is a vivid, lively, and readable translation of the most famous work of England's premier medieval poet. Preserving Chaucer's rhyme and meter, Fisher makes these tales accessible to a contemporary ear while inviting readers to the Middle English original on facing pages. Her informative introduction highlights Chaucer's artistic originality in his memorable portrayals of surprisingly modern women and men from across the spectrum of medieval society.

The Crucible in History and Other Essays Arthur Miller 2000-01 The great play *The Crucible* exposed the paranoia and suspicion that permeated American society during the Cold War. This collection of essays by Miller reveals the author's thinking, personal peril and despair at that crucial time.

Comparing the Literatures David Damrosch 2020-04-07 "The discipline of comparative literature has long sought to develop effective theories and methods of broad-based study, but ideas based on national canons in a handful of Western European countries no longer seem adequate even for the study of national literatures themselves. *Comparing the Literatures* integrates comparative, postcolonial, and world-literary perspectives and seeks common ground. Looking both at institutional forces and at key episodes in the life and work of comparatists who have struggled to define and to redefine the fundamental terms of literary analysis, from language to literature to theory to comparison itself,

Damrosch offers a comprehensive overview of the history and current prospects of comparative studies in a globalizing world"--

If Truth Be Told Didier Fassin 2017-05-12 What happens when ethnographers go public via books, opinion papers, media interviews, court testimonies, policy recommendations, or advocacy activities? Calling for a consideration of this public moment as part and parcel of the research process, the contributors to *If Truth Be Told* explore the challenges, difficulties, and stakes of having ethnographic research encounter various publics, ranging from journalists, legal experts, and policymakers to activist groups, local populations, and other scholars. The experiences they analyze include Didier Fassin's interventions on police and prison, Gabriella Coleman's multiple roles as intermediary between hackers and journalists, Kelly Gillespie's and Jonathan Benthall's experiences serving as expert witnesses, the impact of Manuela Ivone Cunha's and Vincent Dubois's work on public policies, and the vociferous attacks on the work of Unni Wikan and Nadia Abu El-Haj. With case studies from five continents, this collection signals the global impact of the questions that the publicization of ethnography raises about the public sphere, the role of the academy, and the responsibilities of social scientists. Contributors. Jonathan Benthall, Lucas Bessire, João Biehl, Gabriella Coleman, Manuela Ivone Cunha, Vincent Dubois, Nadia Abu El-Haj, Didier Fassin, Kelly Gillespie, Ghassan Hage, Sherine Hamdy, Federico Neiburg, Unni Wikan

We Cast a Shadow Maurice Carlos Ruffin 2020-02-04 "An incisive and necessary" (Roxane Gay) debut for fans of *Get Out* and Paul Beatty's *The Sellout*, about a father's obsessive quest to protect his son—even if it means turning him white "Stunning and audacious . . . at once a pitch-

black comedy, a chilling horror story and an endlessly perceptive novel about the possible future of race in America.”—NPR LONGLISTED FOR THE DUBLIN LITERARY AWARD, THE CENTER FOR FICTION FIRST NOVEL PRIZE, THE PEN/OPEN BOOK AWARD, AND THE PEN/FAULKNER AWARD • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND THE WASHINGTON POST “You can be beautiful, even more beautiful than before.” This is the seductive promise of Dr. Nzinga’s clinic, where anyone can get their lips thinned, their skin bleached, and their nose narrowed. A complete demelanization will liberate you from the confines of being born in a black body—if you can afford it. In this near-future Southern city plagued by fenced-in ghettos and police violence, more and more residents are turning to this experimental medical procedure. Like any father, our narrator just wants the best for his son, Nigel, a biracial boy whose black birthmark is getting bigger by the day. The darker Nigel becomes, the more frightened his father feels. But how far will he go to protect his son? And will he destroy his family in the process? This electrifying, hallucinatory novel is at once a keen satire of surviving racism in America and a profoundly moving family story. At its center is a father who just wants his son to thrive in a broken world. Maurice Carlos Ruffin’s work evokes the clear vision of Ralph Ellison, the dizzying menace of Franz Kafka, and the crackling prose of Vladimir Nabokov. *We Cast a Shadow* fearlessly shines a light on the violence we inherit, and on the desperate things we do for the ones we love.

Darwin's Children Greg Bear 2004-06-01 Greg Bear’s Nebula Award-winning novel, *Darwin’s Radio*, painted a chilling portrait of humankind on the threshold of a radical leap in evolution—one that would alter our species forever. Now Bear continues his provocative tale

of the human race confronted by an uncertain future, where “survival of the fittest” takes on astonishing and controversial new dimensions. Eleven years have passed since SHEVA, an ancient retrovirus, was discovered in human DNA—a retrovirus that caused mutations in the human genome and heralded the arrival of a new wave of genetically enhanced humans. Now these changed children have reached adolescence . . . and face a world that is outraged about their very existence. For these special youths, possessed of remarkable, advanced traits that mark a major turning point in human development, are also ticking time bombs harboring hosts of viruses that could exterminate the “old” human race. Fear and hatred of the virus children have made them a persecuted underclass, quarantined by the government in special “schools,” targeted by federally sanctioned bounty hunters, and demonized by hysterical segments of the population. But pockets of resistance have sprung up among those opposed to treating the children like dangerous diseases—and who fear the worst if the government’s draconian measures are carried to their extreme. Scientists Kaye Lang and Mitch Rafelson are part of this small but determined minority. Once at the forefront of the discovery and study of the SHEVA outbreak, they now live as virtual exiles in the Virginia suburbs with their daughter, Stella—a bright, inquisitive virus child who is quickly maturing, straining to break free of the protective world her parents have built around her, and eager to seek out others of her kind. But for all their precautions, Kaye, Mitch, and Stella have not slipped below the government’s radar. The agencies fanatically devoted to segregating and controlling the new-breed children monitor their every move—watching and waiting for the opportunity to strike the next blow in their escalating war to preserve “humankind” at any cost.

The Devil in Massachusetts Marion L. Starkey 2018-12-05 This dramatic and deeply moving book combines a narrative that has the pace and excitement of a novel, a timeless portrait of bigotry and a self-righteousness, and an authentic history of the Salem witch trials. It stands alone in applying modern psychiatric knowledge to the witchcraft hysteria. Nearly three hundred years ago the fate of Massachusetts was

delivered into the hands of a pack of young girls. Because of the fantasies and hysterical antics of unbalanced teenagers, decent men and women were sent to the gallows. Medical science that day had no better explanation than “the evil eye”; and so Massachusetts was precipitated into a reign of terror that did not end until the highest in the land had been accused of witchcraft—ministers, a judge, the Governor’s lady. One by one were brought to the gallows such diverse personalities as a decent grandmother; a rakish, pipe-smoking female tramp; a plain farmer who thought only to save his wife from molestation; a lame old man whose toothless gums did not deny expression to a very salty vocabulary. But from the very beginning some fought the hysteria, pitting sanity against insanity, and eventually forced the community to atone for its tragic error. Written with sly humor, much of the book reads like a novel. In the end, one is pretty sure what was wrong with Cotton Mather, the august judges, and the tormented young girls. “The Devil in Massachusetts is a vivid and compassionate reconstruction of the Salem witchcraft hysteria. Marion Starkey has written history which illustrates the past and at the same time packs and important contemporary moral.”—Arthur Schlesinger, Jr. “It is certainly a ‘one sitting’ sort of book, with the dramatic appeal of the well-told story and the significances of good human history.”—Gerald Warner Brace “A fresh and full narration...of one of the most lurid, pitiful and deeply significant episodes in American history....”—Odell Shepard

Sadhana Rabindranath Tagore 2022-11-13 Perhaps it is well for me to explain that the subject-matter of the papers published in this book has not been philosophically treated, nor has it been approached from the scholar's point of view. The writer has been brought up in a family where texts of the Upanishads are used in daily worship; and he has had before him the example of his father, who lived his long life in the closest communion with God, while not neglecting his duties to the world, or allowing his keen interest in all human affairs to suffer any abatement. So in these papers, it may be hoped, western readers will have an opportunity of coming into touch with the ancient spirit of India as revealed in our sacred texts and manifested in the life of to-day.

Timebends Arthur Miller 2013-11-01 The definitive memoir of Arthur Miller—the famous playwright of The Crucible, All My Sons, Death of a

Salesman, A View from the Bridge, and other plays—Timebends reveals Miller’s incredible trajectory as a man and a writer. Born in 1915, Miller grew up in Harlem in the 1920s and 1930s, developed leftist political convictions during the Great Depression, achieved moral victory against McCarthyism in the 1950s, and became president of PEN International near the end of his life, fighting for writers’ freedom of expression. Along the way, his prolific output established him as one of the greatest writers of the twentieth century—he wrote twenty-two plays, various screenplays, short stories, and essays, and won the Pulitzer Prize in 1949 for *Death of a Salesman* and the New York Drama Critics Circle Award in 1947 for *All My Sons*. Miller also wrote the screenplay for *The Misfits*, Marilyn Monroe’s final film. This memoir also reveals the incredible host of notables that populated his life, including Marilyn Monroe, Elia Kazan, Clark Gable, Sir Laurence Olivier, John F. Kennedy, and Mikhail Gorbachev. Leaving behind a formidable reputation in the worlds of theater, cinema, and politics, Arthur Miller died in 2005 but his memoir continues his legacy.

The Way to Rainy Mountain N. Scott Momaday 1976-09-01 First published in paperback by UNM Press in 1976, *The Way to Rainy Mountain* has sold over 200,000 copies. "The paperback edition of *The Way to Rainy Mountain* was first published twenty-five years ago. One should not be surprised, I suppose, that it has remained vital, and immediate, for that is the nature of story. And this is particularly true of the oral tradition, which exists in a dimension of timelessness. I was first told these stories by my father when I was a child. I do not know how long they had existed before I heard them. They seem to proceed from a place of origin as old as the earth. "The stories in *The Way to Rainy Mountain* are told in three voices. The first voice is the voice of my father, the ancestral voice, and the voice of the Kiowa oral tradition. The second is the voice of historical commentary. And the third is that of personal reminiscence, my own voice. There is a turning and returning of myth, history, and memoir throughout, a narrative wheel that is as sacred as language itself."--from the new Preface
