Passing game in the Gun T RPO system. Heavy Set And more... Review from Coach Tube about the Gun T RPO System: "Coach Simpson's Gun T Offensive Overview is an excellent offensive resource. This course provides the foundation of Coach Simpson's offensive philosophy. Coach believes in the monikers that "Less is More" and the "Rule of 3", which both were evident in the explanation of the offense. His explanations were clear and concise, and the presentations were easy to follow." - Todd Knipp "This is absolutely amazing. Coach Simpson does an excellent job of explaining his system. Whether you're a young coach or an experienced coach, this is a must see. You can easily see why he is a successful coach. His detail on an organization is on point and I cannot wait to learn more from Coach Simpson." - Mike Kloes "I've been following Coach Simpson for a while now and it's very clear to me that even though I may not be a HC, we have similar philosophies. If you are a Wing T guy looking for ways to "Modernize" your offense, or a Spread guy looking for an effective and efficient run game, this is the offense you should be looking at!" - Coach Sheffer "The course by Coach Simpson was quite helpful. As the new Head Coach of a small school, the Gun T system is going to help us be successful right away. Being a spread coach for the last 8-9 years, this system easily blends the best of both worlds of spread and wing-." - Mike Wilson "Coach Simpson's Gun-T Offense is dynamic and efficient. This course gets into the foundation of building blocks of the Gun-T offense and what you are trying to do offensively to be as successful as possible." - Austin Pink "Amazing detail on numerous variations of attaching RPO's to your Bucksweep. Keeps it simple yet extremely informative. Great job Coach Simpson, you made me a believer! Highly recommend!" - Mike Turso "Coach Simpson does an awesome job explaining his system, and he does it a way that people like myself who are not familiar with RPO's can understand!" - Coach Coleman

Hybrid Media Activism Emiliano Treré 2018-12-07 This book is an extensive investigation of the complexities, ambiguities and shortcomings of contemporary digital activism. The author deconstructs the reductionism of the literature on social movements and communication, proposing a new conceptual vocabulary based on practices, ecologies, imaginaries and algorithms to account for the communicative complexity of protest movements. Drawing on extensive fieldwork on social movements, collectives and political parties in Spain, Italy and Mexico, this book disentangles the hybrid nature of contemporary activism. It shows how activists operate merging the physical and the digital, the human and the non-human, the old and the new, the internal and the external, the corporate and the alternative. The author illustrates the ambivalent character of contemporary digital activism, demonstrating that media imaginaries can be either used to conceal authoritarianism, or to reimagine democracy. The book looks at both side of algorithmic power, shedding light on strategies of repression and propaganda, and scrutinizing manifestations of algorithms as appropriation and resistance. The author analyses the way in which digital activism is not an immediate solution to intricate political problems, and argues that it can only be effective when a set of favourable social, political, and cultural conditions align. Assessing whether digital activism can generate and sustain long-term processes of social and political change, this book will be of interest to students and scholars researching radical politics, social movements, digital activism, political participation and current affairs more generally.

Atonement Camp for Unrepentant Homophobes Evan J. Corbin 2020-09-03 The oldest translation of a Gospel is returned to the world by a secret society long dedicated to its preservation. In it, Jesus explicitly condemns bigotry and homophobia. In a new world in which LGBTQ passengers receive preferential boarding for flights and the United States has elected its first lesbian President, Pastor Rick Harris is stalwart, closeted preacher who doggedly holds onto his increasingly unpopular convictions. When an incendiary sermon goes too far and offends an influential family, Rick makes a painful choice to keep his job: He attends an atonement camp run by drag queens for society's most unrepentant and terminally incurable homophobes. Atonement Camp is immersion therapy for Pastor Harris, and it might be working. An open bar with pedicures, a devastatingly attractive roommate and an endless supply of glitter help him manage to make new friends. Soon, Rick and his cohorts learn the camp may hold its own secrets. Amid the smiling faces and scantily clad pool boys who staff the camp, a clandestine group plots to discredit the New Revelation and everything it stands for. If Rick has the conviction to confront his own hypocrisy, he might be able to uncover the conspirators with help from his adopted flock and find new truths within himself.

More Pars Christina R 2019-04 *More Pars Power Edition*, from the best selling golf author of the *Golf Survival Guide* series, is dedicated to helping you get more distance and accuracy off the tee and from the fairway. Hitting the ball farther means more greens in regulation and more pars! Through this guided how-to book, you'll learn the whys, whats and hows. So, let's get to it! CHRISTINA RICCI IS LPGA CLASS A, TPI GOLF LEVEL 3, TPI POWER LEVEL 2 and TPI FITNESS LEVEL 2 CERTIFIED, CROSSFIT LEVEL 2 AND A BEST-SELLING GOLF AUTHOR. Christina took up the game in 2000 and dropped to a 5 handicap in five short years. She published her first book, *A Girls On-Course Survival Guide to Golf* in 2008 and never looked back. She has authored five books and 20 pocket guides, sells branded golf accessories, hosts national golf camps, and teaches locally at the beautiful Atkinson Resort & Country Club located in Atkinson New Hampshire, 45 minutes north of Boston. Shes been featured on the cover of *GolfTips*

magazine and her popular golf tips are featured on the Golf Channel, her YouTube Channel (youtube.com/c/morepars), and online portals such as *WomensGolf.com*, *Golfforher.com* and *LPGA Womens Network*. This guide is your go-to for understanding, measuring and training for more distance off the tee and from the fairway. It is divided into three core sections: POWER BODY; POWER TECHNIQUE; POWER EQUIPMENT. Within each section you'll first learn the whys. It is important to understand the general principles and concepts before applying them to your game. Knowledge is power. It is my opinion that golf handicaps have not changed because of this. Students do as their instructors ask or watch YouTube videos. But oftentimes, they do not truly understand the core principles of the golf swing in relation to their body, equipment and technique. In addition, I see far too many players misdiagnosing themselves, which sends them down the wrong path. Instead, let's truly educate you on the essentials of ball striking so you can see real change in your game. You'll measure your current body, equipment and technique, so you have an accurate starting point. From there, you'll apply your knowledge with training. This Guide is not a replacement for your instructor. I highly recommend working with a coach or training through the *MorePars.com* platform. The best players in the world have swing, fitness and/or medical coaches. As recreational players, you too can train like the pros and experience significant gains off the tee and from the fairway. Are you ready for more pars and more power? Let's get to it!

Liberia’s First Civil War Edmund Hogan 2021-12-13 This book provides a comprehensive narrative history of Liberia’s first civil war, from its origins in the 1980s right through the conflict and up to the peace agreement and conclusion of hostilities in 1997. The first Liberian Civil War was one of Africa’s most devastating conflicts, claiming the lives of more than 200,000 Liberians, and sending shockwaves across the world. Drawing on a wide range of local and international sources, the book traces the background of the war and its long-term and immediate causes, before analysing the detail of the unfolding conflict, the eventual ceasefire, peace agreement and subsequent elections. In particular, the book shines a light on hitherto unseen first-hand Roman Catholic indigenous and missionary sources, which offer a rare intimacy to the analysis. Detailing the impact of Liberia’s individual warlords and peacemakers, the book also explains the roles played by non-governmental agencies, national, regional and international actors, by the UN, ECOWAS and the Organisation of African Unity, and by nations with special interests and influence,

such as the USA and other West African states. This book’s detailed narrative analysis of the Liberian conflict will be an important read for anyone with an interest in the Liberian conflict, including researchers within African studies, political science, contemporary history, international relations, and peace and conflict studies.
