Debates in Primary Education Virginia Bower 2020-10-19 This powerful text encourages both pre-service and established teachers, as well as teacher educators, to engage with contemporary debates in primary education. Promoting a critical approach, the chapters explore a wide range of key themes including the importance of values in primary education and the imperative for a curriculum which embraces the whole range of available subjects. At the same time, the chapters are underpinned by a belief that children should be at the heart of all the decisions we make and that primary education should inspire a love of learning, for life. The book aims to support practitioners to make informed judgements and feel confident to argue their point of view with deeper theoretical knowledge and understanding, thus increasing teacher agency and confidence in responding to complex educational and social dilemmas such as literacy levels and rising mental health concerns. Chapters encompass both the macro aspects of primary education and more specialised debates on key topics such as reading, mathematics, languages, early years education and the use of technology. With annotated further reading and reflective questions, this key text is essential reading for all those wanting to develop a better understanding of the issues that shape their practice including student teachers at both undergraduate and postgraduate level, practising teachers engaged in continuing professional development and teacher educators.

Learning to Teach in the Secondary School Susan Capel 2016-03-17 Learning to teach involves hard work and careful preparation. To become an effective teacher requires pedagogical and subject knowledge, an understanding of your pupils and how they learn, and the confidence to respond to dynamic classroom situations. *Learning to Teach in the Secondary School* is the market leading text for all undergraduate, postgraduate and school-based routes to qualified teacher status. It offers an in-depth and practical introduction to the knowledge, skills and understanding needed to become a confident and effective teacher. With a focus on evidence-based practice, the book includes a wealth of examples to demonstrate how to successfully apply theory to practice, and how to critically analyse your practice to maximise pupil learning. This 7th edition is fully updated in light of the latest initiatives, evidence and research in the field, offering comprehensive coverage, unit by unit, of the key concepts and skills addressed on initial teacher education courses in preparation for work in schools. The wide range of pedagogical features support both university based work - including that up to Masters Level - and school-based initial teacher education, and are designed to help you develop those qualities that lead to good practice and a successful future in education. Written by expert practitioners, thirty-six essential units include: • adopting a positive approach to managing behaviour to support learning • ways pupils learn • planning lessons, units of work and schemes of work • motivating pupils • assessment • inclusion and special educational needs • using ICT and digital technologies • pupil grouping, progression and differentiation • managing time, workload and stress • getting your first teaching post. *Learning to Teach in the Secondary School* provides practical help and guidance for many of the situations and potential challenges you are faced with in school. Supported by the *Learning to Teach Subjects in the Secondary School Series*, it is an essential purchase for every aspiring secondary school teacher.

The Linguistic Challenge of the Transition to Secondary School Alice Deignan 2022-12-30 This book provides a unique analysis and description of the linguistic challenges faced by school students as they move from primary to secondary school, a major transition, which some students struggle with emotionally and academically. The study: • draws on a bespoke corpus of 2.5 million words of written materials and transcribed classroom recordings, provided by the project's partner schools; • combines quantitative and qualitative approaches to the corpus data to explore linguistic variation across school levels, registers and subjects; • describes the procedures of corpus compilation and analysis of written and spoken academic language, showing how modern corpus tools can be applied to this far-reaching social and educational

issue; • uncovers differences and similarities between the academic language that school children are exposed to at primary and secondary school, contrasting this against the backdrop of the non-academic language that they encounter outside school. This book is important reading for advanced students and researchers in corpus linguistics, applied linguistics and teacher education. It carries implications for policymakers and schools looking to support students at this critical point in their schooling.

Tackling Disadvantage and Underachievement in Schools Diane Montgomery 2020-03-13 This practical resource shows what teachers can do to combat disadvantage and underachievement in schools and from early years to secondary education. Written by an experienced teacher, teacher educator and chartered psychologist, the book highlights effective teaching and learning methods that can be used to overcome barriers to learning, satisfy different learning needs and help students achieve their full potential. Packed with up-to-date research, useful guidance and examples, the book explores what schools have done and what they can do without need for extra resourcing. It includes case studies that examine the types of underachievement patterns that are found across age ranges and, by detailing approaches in subject teaching, defines the nature of effective learning and shows what strategies can be used to meet these criteria. Moreover, the chapters provide: An exploration into the central needs of underachieving and disadvantaged learners across the ability range Information about how to audit the provision and the needs Accessible resources for the classroom changes that need to be made to the education and training of teachers Tackling Disadvantage and Underachievement in Schools is essential reading for teachers in early years education and primary and secondary schools, teachers in training and their educators, as well as leaders, policymakers, researchers and anyone interested in improving performance in schools.

Ebook: Talk for Writing Across the Curriculum, How to Teach Non-Fiction Writing to 5-12 Year Olds (Revised Edition) Pie Corbett

2020-08-26 This bestselling resource has been fully updated, putting formative assessment at the heart of the Talk for Writing process and showing how to help children love writing across the curriculum. By helping children speak the language of non-fiction in a fun engaging way before they attempt to write, the Talk for Writing approach builds children's confidence and linguistic ability enabling them to craft their own writing. In the new edition, this practical resource offers: • Fully worked, tried and tested examples of how to apply Talk for Writing to each non-fiction text type • A wide range of fun activities helping children internalise how to express and link text effectively • A process that co-constructs learning so that children learn how to structure text and create toolkits of key ingredients • Guidance for teachers in England on how to apply the approach across the primary curriculum • An OLC including new footage of Pie Corbett demonstrating Talk for Writing and new footage of classes engaged in the approach • Advice on how to use the DVD and handouts to train all staff in the approach • Evidence of impact from cold to hot tasks Designed for busy teachers, Talk for Writing across the Curriculum, second edition, will help transform children's writing and attainment across the curriculum. "This book celebrates the importance of talk in becoming and growing as a writer: talk to share ideas; talk to analyse text; talk to co-construct writing; and to talk to evaluate writing. Throughout the book constantly underlines the importance of talk for learning and the many creative and rich ways talk can be used to help young writers internalise the rhythms and patterns of text. Full of practical ideas and activities, the teaching combines being creative and being critical in a wholly integrated way. An invaluable resource for primary school teachers!" Debra Myhill, Professor of Education at the University of Exeter, UK "The teaching of reading has always taken priority in policy and practice in literacy. Pie Corbett and Julia Strong have produced a very welcome counterweight to that dominance in their Talk for Writing Across the Curriculum. It is so refreshing to see suggestions for teaching to bring elements of language together, especially when done in such an entertaining and engaging way as this. This new edition makes a 'classic' even better." David Wray, Emeritus Professor, University of Warwick, UK "This latest update of Pie and Julia's best-selling book reflects changes in the curriculum, strengthening the T4W approach, using cold and hot tasks, showing new

worked examples of how to apply T4W to each non-fiction type and placing formative assessment at the heart of the process. It is exciting to see how all the best ideas and findings in education are converging, evidenced in this latest 'up to the minute' excellent publication." Shirley Clarke, Formative Assessment Expert

Quality Circle Time in the Secondary School Jenny Mosley 2013-11-20 Jenny Mosley's quality circle time model involves establishing an on-going, timetabled process of circle-meetings for adults and children. As a basis for teaching relationship skills, enhancing self-esteem and building a positive behaviour management and anti-bullying policy, circle time should not only increase confidence and "emotional intelligence" in pupils, but should also contribute towards a positive whole-school ethos. This classic text provides a rationale, framework and whole-school model for quality circle time specifically for secondary schools and further education colleges. Fully revised and updated, the authors offer over 100 activities and practical strategies to help build teachers' confidence and circle time skills. The book aims to enable teachers to sustain this approach within their SEAL syllabus, tutorial time, subject teaching, or as part of their work with pupils with special educational needs.

Assessment in the Primary Classroom Sarah Earle 2019-05-20 Essential reading to support principled assessment decisions in the classroom Assessment has become an increasingly complex area for primary schools in recent years, with schools and academy trusts trying to create their own ways of assessing without levels. Trainee teachers find it hard to understand key principles in assessment when practice in each of their school experiences is so varied. This 'essentials' text supports trainee and beginning teachers to understand the current context and consider essential principles for good practice in primary assessment. The book: - features explanations of key terminology - includes practical examples from classrooms and schools - supports

teacher assessment literacy - explores the assessment system as a whole - covers formative and summative assessment, pupil progress, data and moderation.

EBOOK: Developing Teaching Skills in the Primary School Jane Johnston 2007-10-16 Teaching is a complex process which involves the development and utilization of subject knowledge and teaching skills. Containing reflective and practical skills, this book supports such development, focusing specifically on teaching skills, considering what they are, how they develop and how they differ between age and subject. The book contains three sections - Planning, Doing and Reviewing - which demonstrate effective classroom practice. It uses examples of practitioners at different stages of their professional development to link theory and practice, and includes discussions on contemporary issues in primary education, such as: Constructivist teaching and learning Thinking skills Creativity Teaching and learning styles Child-centred learning The authors provide a critical analysis of the issues, practice and problems faced by primary school teachers, which is supported by reflective tasks throughout the book. Emphasizing the child as a partner in the learning process and highlighting the importance of teaching for child-centred learning, the book ultimately develops and strengthens the teacher's skills. Developing Teaching Skills in the Primary School provides essential guidance and support to trainee, beginner and developing primary school teachers.

Promoting Reading for Pleasure in the Primary School Michael Lockwood 2008-06-24 Winner of the UKLA Author Award 2009:UKLA 'Lockwood has written a useful, supportive book which will help teachers and librarians...He describes the background and summarises the research and then proposes thoroughly practical programmes' - Carousel 'Michael Lockwood has produced an excellent, practical overview and analysis of what works in the primary school to promote reading for pleasure....Lockwood's work is grounded and valuable to those who need it most - teachers in the classroom working hard to engender a love of reading' - English Drama Media 'This book is first class. It puts the matter very clearly and succinctly, and presents a great deal of evidence to support the argument that pleasure is not a frivolous extra, but the very heart and essence of what reading is about. It also gives readers plenty of ideas for carrying the principle into the classroom, and for justifying it...This is an excellent piece of work, which I hope will find a place on every staffroom bookshelf.' - Philip Pullman English primary school children are less likely to read for pleasure than their counterparts in many other countries. This practical and focused book discusses the background to this situation and looks at how government initiatives have tried to address it. Drawing on the author's own research project in order to identify good practice in promoting reading for enjoyment, the book presents specific activities which teachers can use to develop their own whole school and classroom practice, enabling them to put the fun back into reading. Each chapter features case-study material and provides examples of planning from schools that have successfully created thriving reading cultures through schemes such as reading assemblies, book clubs, library loyalty cards, school book evenings and quizzes. There is also an extensive, annotated list of print and internet-based resources. Topics covered include: - Becoming a reading for pleasure school - Promoting a love of reading in the early years - Developing reading enjoyment in the later primary years - Getting boys reading Promoting Reading for Pleasure in the Primary School is written for all those involved in education who would like to see as many children as possible develop a love of reading. It will be particularly relevant for primary teachers, teaching assistants, trainee teachers, advisers and consultants, as well as teacher educators and researchers.

Ks2 Reading Comprehension Elizabeth Negus 2017-11-04 Intellect is a key text book written to stretch and develop pupils reading and writing skills. Mathematical Statistics and Data Analysis John A. Rice 2006-04-28 This is the first text in a generation to re-examine the purpose of the mathematical statistics course. The book's approach interweaves traditional topics with data analysis and reflects the use of the computer with close ties to the practice of statistics. The author stresses analysis of

data, examines real problems with real data, and motivates the theory. The book's descriptive statistics, graphical displays, and realistic applications stand in strong contrast to traditional texts that are set in abstract settings. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Reading Development and Teaching Morag Stuart 2015-12-07 This textbook will prove invaluable to teacher educators, teachers, educational psychologists, and any professional who is involved with teaching children to read. It provides a detailed examination of the processes that are involved in achieving fluent word reading skills and ability to comprehend written texts. Understanding these processes and their development empowers teachers to select appropriate, evidence-based teaching strategies and thus teach children more effectively. The book is in four parts: Part 1 provides the reader with a Tutorial Review covering essential knowledge about language, and presenting the two dimensions of the Simple View of Reading. Part 2 concentrates on the word reading dimension, with chapters on processes in skilled word reading, the development of these processes, and practical advice on research validated teaching methods to develop children's word reading skills. Part 3 turns to the language comprehension dimension, with chapters on the comprehension of oral and written language, and on teaching reading comprehension. Part 4 introduces the reader to assessment practices and methods of identifying children with difficulties in either or both dimensions of the Simple View, and considers children with word reading difficulties and children with specific comprehension difficulties, describing effective evidence-based interventions for each type of difficulty.

Modern Languages in the Primary School Philip Hood 2009-05-18 How can foreign language learning be developed in primary schools? In what ways can it be integrated into the primary classroom? Modern Languages in the Primary School tackles these questions, challenging current perceptions of primary modern languages, arguing that modern languages should be fully integrated into the primary curriculum, and looking at ways in which this can be achieved. The authors examine ways in which language-learning can be made a rich experience for all. They offer ideas on how to start language programmes in schools, or enhance those already in place. The book: - Features a 3-stage practical approach to teaching languages with different age groups in primary schools - Develops a coherent view of language learning and teaching - Refers to the KS2 Framework elements of oracy, literacy, intercultural understanding, knowledge about language and language learning strategies - Contains a chapter which offers a theoretical introduction to content and language integrated learning (CLIL) - Refers to the QTS Standards and offers a short guide to internet-based and multimedia resources This book is for Primary ITE students and experienced teachers who are taking on the Modern Language coordinator role or teaching modern languages in primary schools for the first time. Philip Hood is Course Director of the National SCITT Primary PGCE and Lecturer in Modern Languages Education at the University of Nottingham. Kristina Tobutt is a Primary teacher and Associate Consultant for Nottinghamshire LA.

English and Its Teachers Simon Gibbons 2017-04-21 English and Its Teachers offers a historical overview of the development of secondary English teaching in schools over the past 50 years. Initially charting the rise of a new progressive approach in the 1960s, the book then considers the implications for the subject and its teachers of three decades of central policy intervention. Throughout, document and interview data are combined to construct a narrative that details the fascinating and, at times, turbulent history. The book is divided into two main parts - 'The age of invention' and 'The age of intervention'. The first of these sections details how innovative English teachers and academics helped to develop a new model. The second section explores how successive governments have sought to shape English through policy. A final part draws comparisons with the teaching of the subject in other major English-speaking nations and considers what the future might hold. English and Its Teachers is a valuable resource for those interested in the teaching of

English in secondary schools, from new entrants to the profession, to experienced teachers and academics working in the sector.
