The Ultimate Book of Scavenger Hunts Stacy Tornio 2020-06-01 It's hard to resist a scavenger hunt. Give kids a list of things to find, and they naturally want to turn it into a game and start checking things off. Add in an outdoor and nature twist, and the game is elevated to a whole new level—and what an amazing opportunity to engage kids and families with nature in a whole new way. The Ultimate Book of Scavenger Hunts will help turn every outdoor outing into a scavenger hunt, with plenty of things for your family to look for, discover, and learn about. Geared towards families with kids ages 4-10, the hunts are geared to

just about any location—from city to farm to beach to mountains. The book includes a leveled difficulty rating system so you can find both easy and difficult items within each hunt (1 being easy, 2 medium, 3 hard). Each hunt comes complete with factoids and information about the items on the list, and each item is accompanied by a colorful spot illustration so that the hunter can easily identify what they are looking for. *Camping Activity Book for Families* Linda Hamilton 2023-05-15 Winner of the 2017 Independent Publisher Book Award in the Children's Interactive category! Sticks and Stones Melissa Lennig 2019-05-07 Sticks and Stones presents a treasure trove of building and engineering ideas for children to employ in the great outdoors using the materials made readily available to them, from cabins and tipis to bridges and dams. Many smaller scale projects are included, too—such as how to make ochre paint with shale, make a fishing pole, and carve a marshmallow roasting stick.

Opportunities and materials for constructive play exist everywhere in nature. Author Melissa Lennig (of the blog Fireflies and Mud Pies) introduces today's screen-overloaded kids to this world of fun waiting just outside the door. Whether camping or hanging out in the back yard, children will marvel at the wonderful, useful tools and playthings they can create with natural objects. Sticks and Stones details various designs for the ever-popular fort (cabins, tipis, survival shelters, etc.) and also covers structures such as bridges, fences, and dams, while explaining the STEAM principles behind each. In addition to structures, there are other ideas and projects for camping and the backyard, like a fire ring (explaining the types of fires, airflow, and safety), the always useful tripod, a travois, a rock garden, and toy boats. Along the way, there are multi-leveled reading opportunities in the form of quick features on considerations like mindfulness, campfire safety, mini STEAM design challenges, and more. Sticks and Stones is an essential resource for every junior outdoor adventurer.

A Father's Walk Matt Haviland 2014-02-21 There are over twenty-five million children growing up in

America today without their biological father in the home, and single parents account for approximately 37 percent of all households. Yet, there is still a huge lack of Christian-based ministries for single parents, especially when it comes to the dads. Based off of his experience as a single dad himself, Matt Haviland shares with us his journey of joy, trials, and grace that has brought him to this point in single father ministry. He tells in dramatic detail the testimony of how Jesus not only rescued and redeemed him from a destructive lifestyle, but how God has given him the ability to lead and guide single dads along the way and become a great dad as well. *A Father's Walk* is not just another self-help book. It is a tool, resource, and inspiration written by someone who is in the trenches every single day—a man who knows the love only a father can have for his child, the daily struggles of being a single dad, and the unimaginable grace that our Savior bestows upon those who call upon Him. This is a must-have for any single dad looking to grow as a father and in their walk with the Lord!

The Garden Classroom Cathy James 2015-04-07 Creative ways to use the garden to inspire learning, for kids ages 4-8 Packed with garden-based activities that promote science, math, reading, writing, imaginative play, and arts and crafts, *The Garden Classroom* offers a whole year of outdoor play and learning ideas—however big or small your garden. Every garden offers children a rich, sensory playground, full of interesting things to discover and learn about. There's a whole lot of science happening right before their eyes. The garden can also be a place to develop math and literacy skills, as the outdoors offers up plenty of invitations to weave learning into everyday gardening. The garden classroom is a place where plants grow, and where children grow too.
